NEW – Leave of Absence E-Form for Parents

Bradford Council has launched a new **Leave of Absence E-Form** to simplify the process for families requesting term-time leave. This city-wide digital solution allows parents to submit one form for all children, regardless of which school they attend. Once submitted, the form is automatically shared with the relevant schools to process. This approach reduces administrative workload for schools, ensures legal compliance, and improves consistency in communication with families.

Please find the e-form link to submit a leave of absence request for your child: Term-Time Child/children Absence Request Form

Alternatively, please scan the QR code below with your smartphone and it will take you to the relevant page to complete the online request form.

Requests can only be submitted via the link above, no paper format available. If you are unsure or have a question, please contact the local authority for assistance. Thank you.
